Fundraising

Be alert

**Emergency
fundraising?**

Scholarships

Find out how they are doing

Student survey revealed that most of the stress is connected to studies and dormitory payments

Foreign students report they are under great stress

No financial needs (yet?)

Is there a need for emergency fundraising?

● **Students**

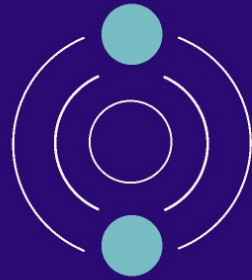

Following the surveys, keeping in touch with student parliament and foreign student department

● **Science**

A lot of COVID research calls (local and international) in almost all research fields
